

NAVEEN PANDU KAVALAKOPPA

Uttar Kannada, Karnataka | naveenkavalakoppa@gmail.com | 8088437294 | [LinkedIn:www.linkedin.com/in/naveen](https://www.linkedin.com/in/naveen)

Career Objective

Motivated and curious software developer with strong problem-solving skills and hands-on experience in full-stack and mobile development. Eager to apply core CS fundamentals and machine learning integration skills to build scalable, production-grade systems in a fast-paced engineering environment.

Education

Government Engineering College, Hassan

2022 – 2026

Bachelor of Engineering in Computer Science & Engineering

CGPA: 8.46

Technical Skills

- **Languages:** Python, C, SQL,HTML,CSS,JavaScript
- **Frameworks & Tools:** React Native, React Expo, OpenCV
- **Database Management:** MySQL,MongoDB,Firebase
- **Cloud & DevOps:** Git, GitHub, CI/CD pipeline
- **Core CS Fundamentals:** Algorithm Design, Data Structures, Object-Oriented Programming (OOP).

Projects

AI for Blind Assistance

Python, OpenCV, YOLOv5, Text-to-Speech

- Engineered a real-time object detection system using YOLOv5 to assist visually impaired users.
- Implemented a Blip-processor for automated scene description and image-to-voice conversion.
- Optimized detection for real-time mobile/edge deployment scenarios.

Smart Queue System for Hospitals

React Native, Node.js, MongoDB, Firebase, React

- Developed a full-stack hospital management system with real-time queue updates and notifications.
- Integrated Google Maps API to provide distance-aware hospital/ doctor recommendations for optimized patient routing.
- Built administrative and staff dashboards for real-time queue management and appointment scheduling

Training & Certifications

- **Applied AI Practical Implementation:** Training program by Edunet Foundation
- **Power BI for Data Analysis:** VOIS Certification

Additional Information

- **Soft Skills:** Teamwork, Communication, Problem-Solving, Adaptability, Time Management
- **Languages:** English, Kannada, Hindi
